WE'RE IN YOUR NEIGHBORHOOD.

Trust your household to the residential mover of diplomats and presidents—and enjoy VIP service from door to door.

Maryland, Virginia, and DC's local mover of choice

Full-time crews who are fully trained. State-of-the-art GPS tracking in our truck fleet. Professionals skilled at managing the unexpected. You get all this and more when you work with JK Moving Services.

As North America's largest independent moving company, JK has the resources and experience to make residential moves smooth and worry-free, with relocation practices honed from moving presidents, dignitaries, government agencies, and leading corporations over three decades.

Every customer is a VIP

With JK as your local mover, you'll benefit from:

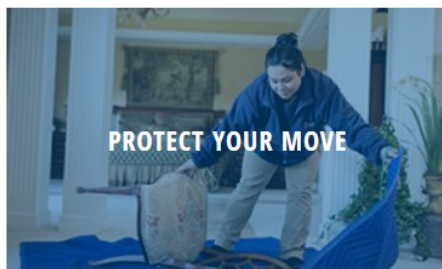

- **Free onsite estimates** where we'll survey your space and furnishings to find out exactly what you need, and explain how JK will manage your move from start to finish—before you even decide to work with us.
- **A dedicated move coordinator** to walk you through your move plan, reserve the crew and truck, address questions, and ensure peace of mind at every step.
- **A professional crew** to prep vital areas of your home and ensure everything is packed and moved safely and responsibly.
- **A full suite of moving services**, from secure storage to packing supplies for the possessions you prefer to pack yourself.

Whether you're in Bethesda or Baltimore, Annapolis or Ashburn, Loudoun, Howard, or Frederick, JK will develop a residential moving plan and pricing that's right for you. Then we'll work with you every step of the way to make it happen.

[HOME](#) > [GLOBAL](#) > [INTERNATIONAL MOVES](#)

OVERSEAS, WITHOUT OVERSTRESSING.

By air, land, and sea, JK manages the complexities (and the paperwork), so you can focus on your destination.

Global relocation that goes the distance

For moving from one country to another, JK helps you minimize your worries by managing the details: packing, shipping, insurance, paperwork, customs, and beyond.

You'll be supported from point of origin to final destination by an international move coordinator, plus:

- Free estimates to aid your budgeting
- Packing, loading, and home preparation by full-time, fully trained international movers
- Weatherproof containers secured with a specialized locking system
- Tracking of your possessions in transit and itemized inventory lists for hassle-free customs clearance
- Room-designated tags for easy unpacking
- Short- and long-term storage anywhere in the U.S. or the world

A track record you can trust

JK is the international moving company of choice for diplomats, dignitaries, U.S. Presidents, embassies, CEOs, and even a king. Wherever in the world you're going, you can rely on our certified international movers and suppliers to get your household from Point A to Point B safely, securely, and as efficiently as possible.

Our highly trained professionals can guide you through the latest U.S. shipping laws. Our proven suppliers in your destination country speak your language. It's the excellence you deserve from one of only a handful of U.S. movers with FIDI/FAIM certification, the gold standard in international moving.

OTI services performed by JK Moving & Storage, Inc., d/b/a JK Moving Services.

EXPERTS IN EDUCATION RELOCATION

Looking for a university, school, or library moving company to manage a renovation, reorganization, or relocation? Look no further than to North America's largest independent mover: JK Moving Services.

From dorm furniture to data centers, computer labs to rare book collections, JK has your moving needs covered.

You'll coordinate with experienced school and library movers to create a complete or phased relocation plan that's right for you. This includes detailed logistics planning and budget controls, plus a plan for receiving, storing, delivering, and installing furniture, fixtures, and electronics.

Need to move one or several computer labs? Our experts will pack your equipment in our Comp-U-Wrap® system, perform a complete electronics disconnect and reconnect, and safely and securely dispose of unwanted equipment, recycling it where possible.

Knowledge of your world

Your institution serves hundreds, even thousands, of people in the public eye. JK keeps the risk of accidents, mishaps, and disruptions to a minimum with:

- IOMI® certified moving teams and trained technical crews for science lab relocations
- Trucks designed for the transport of sensitive items, climate-controlled vans, and vehicles with air-ride suspension
- Post-move debris removal

To maximize efficiency and peace of mind, we'll support your busy teachers, professors, and professional staff with packing and unpacking assistance, training, and an easy-to-follow labeling system. We can even assist with student moving if needed.

MILITARY RELOCATION SERVICES

[HOME](#) > [GOVERNMENT](#) > [MILITARY](#)

SERVING THOSE WHO SERVE US.

Anywhere in the world, with personalized attention and expert support, we help military families feel at home.

As a long-time military moving partner to the United States military, JK understands what organizations and families in the armed forces need to make a PCS military move successful.

On bases across the United States and worldwide, we make military relocation services swift and worry-free through:

- Planning and coordination with an assigned Military Move Coordinator, available 24/7 to address questions
- Thorough estimates to ensure shipping weights fit within entitlements
- Expert home preparation, including protection of critical areas
- Assistance with special items, like crating and accessorial requests
- Professional packing by trained, background-screened professionals
- Guaranteed packing, loading, and moving within the required delivery dates

We use GPS to track items in transit and administers international moves through a proven network of suppliers who are certified by FIDI and FAIM, two of the leading international organizations in global moving.

Committed to exceptional support

Whether relocating one family or 100, JK goes above and beyond to deliver a positive experience for military customers. This includes special assistance for non-deployed spouses, children, special-needs families, and pets.

Need storage? JK connects military customers with SIT-approved facilities in Maryland and Virginia, plus options for storing belongings anywhere in the U.S. or world.

FULL-SERVICE MILITARY MOVING AND RELOCATION SOLUTIONS

We've spent decades moving military service members, government transferees, and their families. Whether you're packing yourself and just need someone to move your boxes, or you want us to do all the heavy lifting, JK will tailor a move around what matters most to you.

DOCUMENT & DATA DESTRUCTION

[HOME](#) > [COMMERCIAL](#) > [ARCHIVE SERVICES](#) > [DOCUMENT & DATA DESTRUCTION](#)

SAY GOODBYE TO UNNEEDED DOCUMENTS AND DATA.

Don't let confidential data fall into the wrong hands. JK's document destruction services deliver fast, easy, and secure solutions, including recycling shredded materials.

Purge with confidence

Outdated documents and data should be discarded with care, particularly when confidential information is involved. JK delivers these services securely, swiftly, and smoothly.

For one-time needs related to office moving or ongoing service as part of [records management](#), rely on our thoroughly vetted teams for:

- Shredding documents, files, and records
- Destroying digital media like hard drives, CDs, DVDs, and VHS tapes
- Tackling large-scale or custom projects with equipment like 96-gallon shred bins and executive consoles

For maximum security and peace of mind, we use only JK employees (no subcontractors) in our shredding and data destruction activities and provide a Certificate of Destruction upon completion of each job as a guarantee of our work.

Services that are earth- and customer-friendly

Whether you're moving your office or routinely "cleaning house," JK understands that busy organizations don't have time for shredding and disposal logistics. We pick up and deliver materials on your schedule, for increased convenience.

We also know that sustainability matters. To minimize environmental impact, we recycle shredded documents and media, and reuse packing boxes when possible.

HELPFUL MOVING TIP

JK's Certified PC Technicians can move and set-up computer workstations, servers, and electronics.
