Coming Soon – Important PMI Continuing Certification Requirements (CCR) Program Updates

Stay Relevant. Advance Your Career. Strengthen the Profession.

Effective **1 December 2015** the **CCR Program** will be updated to ensure you are equipped to remain relevant in an ever-changing business environment.

The CCR Program was designed to help you grow and develop with the profession. And as the global business environment and project management profession evolves, the program is adapting to provide development of new employer-desired skills, giving you a greater competitive advantage.

For your convenience, all details about the program updates have been consolidated into a central location on this [webpage](#). Please bookmark the page – information will be added as it becomes available and you will be notified via email when updates are made.
